Article 2: Procedures, includes the information for how to submit an application for development, how it will be reviewed, and what happens after a decision on an application is made by the Town.

2.1.1. PURPOSE AND INTENT

This article sets out the review procedure used by the Town for each of the development application types subject to this Ordinance. The intent of these provisions is to:

- A. Identify the steps in the review process for each type of application;
- B. Increase predictability for applicants by standardizing the text describing the different development application review procedures;
- C. Establish measurable review criteria for decision-makers to use in making a decision on an application; and
- D. Comply with all applicable state and federal laws.

2.1.2. Article Contents

2.1.2. ARTICLE CONTENTS

- A.** Article 2 is comprised of three main sections: how to use the article (Section 2.1, How to Use this Article), a section called “application review procedures” (Section 2.2, Application Review Procedures) that describes the application review procedures (in alphabetical order) for each type of development application, and an “application processing” (Section 2.3, Application Processing) section that explains the standardized process used by the Town in the review of an application.
- B.** Each application review procedure includes a procedural flowchart that depicts the steps in the review process (See Figure 2.1.2.B: Flowchart Example). Each step is sequentially numbered from the top (the beginning) to the bottom (the end). White boxes in the flowchart indicate actions of the applicant. Boxes with dashed lines show optional steps that may be undertaken by the applicant. Green boxes indicate actions of Town staff. Grey boxes show public meetings or legislative public hearings (as appropriate), and black boxes show quasi-judicial public hearings.

2.1.3. STEPS IN THE DEVELOPMENT REVIEW PROCESS

- A.** The first step in the development review process is to determine the specific type(s) of development application to be submitted. Table 2.2, Application Review Procedures, describes all the application review procedures in this Ordinance and the review authorities who decide them.
- B.** The second step is to find the relevant application procedure in Section 2.2, Application Review Procedures, and review that information to better understand the steps and the criteria used in the decision-making process.
- C.** The third step is to review the application processing information in Section 2.3, Application Processing, to understand how the Town will process the application.
- D.** Step four is to review the Procedures Manual for application forms, submittal requirements, application fees, and application review schedules.
- E.** Applications that are not prepared, filed, and determined to be complete in accordance with this article and the Procedures Manual will not be processed by the Town.

2.1.4. FOR ADDITIONAL INFORMATION

Applicants who need additional information on how to file an application should schedule a pre-application conference with Town staff (see Section 2.3.2, Pre-application Conference) to better

ARTICLE 2: PROCEDURES

2.2.1. ADMINISTRATIVE ADJUSTMENT

A. PURPOSE AND INTENT

The purpose for this section is to establish a clear procedure and measurable review criteria for the administrative consideration of requests for minor deviations to certain numeric standards in this Ordinance (like zoning district dimensional standards). The intent of the procedure is to provide relief from practical difficulties in complying with the standards of this Ordinance. Administrative adjustments should only be granted when the proposed development advances the purposes of this Ordinance, and the proposed development can maintain compatibility with its surroundings.

B. APPLICABILITY

1. An administrative adjustment may be requested for a modification or deviation of up to 10 percent of any zoning district dimensional standard in Article 3: Districts, a numeric standard in Article 4: Uses, a numeric standard in Article 5: Development Standards, a numeric requirement in Article 6: Subdivisions, or a numeric requirement in Section 9.3, Rules of Measurement.
2. In no instance shall an administrative adjustment application seek to reduce the required minimum lot area, exceed the maximum residential density on a lot, reduce the minimum required distance between two use types, or reduce the standards pertaining to flood protection, stormwater management, or erosion control.
3. Applications for planned developments, zoning map amendments, or variances may not include requests for administrative adjustments.

C. TIMING

1. An administrative adjustment may be requested either as a stand-alone application, or in combination with another application for development review.
2. In cases when submitted with another application, the administrative adjustment portion of the application shall be reviewed and decided prior to the other portion(s) of the application.

D. ADMINISTRATIVE ADJUSTMENT PROCEDURE

The administrative adjustment procedure is described in Figure 2.2.1, Administrative Adjustment Procedure, as supplemented by Section 2.3, Application Processing, and the Procedures Manual.

E. DECISION BY PLANNING DIRECTOR

The decision on an administrative adjustment shall be made by the Planning Director in accordance with the standards in Section 2.2.1.F, Administrative Adjustment Review Standards.

F. ADMINISTRATIVE ADJUSTMENT REVIEW STANDARDS

An administrative adjustment shall be approved if the applicant demonstrates all of the following:

1. The administrative adjustment does not exceed the maximum allowable threshold;
2. The administrative adjustment will result in development that is consistent with the character of development on surrounding land, and is compatible with surrounding land uses;
3. The administrative adjustment:
 - a. Is required to compensate for some unusual aspect of the site or the proposed development that is not shared by landowners in general; or
 - b. Supports an objective or goal from the purpose and intent statements of the zoning district where it is located; or

2.2.2. ANNEXATION

A. PURPOSE AND INTENT

The purpose of this section is to establish a procedure for the consideration of voluntary annexation petitions from landowners seeking to add additional lands to the corporate limits of the Town.

B. APPLICABILITY

1. The Board of Commissioners may review and decide voluntary annexation petitions from:
 - a. The owners of land that are contiguous with the Town’s corporate limits; and
 - b. The owners of land that are not contiguous to the corporate limits when the proposed voluntary annexation complies with the following standards:
 - i. The land proposed for annexation is no more than three miles from the contiguous corporate limits; and
 - ii. No portion of the land proposed for annexation is closer to the contiguous corporate limits of another municipality unless the land is subject to an approved annexation agreement that includes the land within the Town’s ultimate planning jurisdiction; and
 - iii. If the land proposed for annexation is part of a recorded subdivision, all lots in the recorded subdivision are part of the annexation petition; and
 - iv. The combined total land area associated with the annexation, when added to all other noncontiguous land areas annexed by the Town does not exceed 10 percent of the land area located within the Town’s contiguous corporate limits.
2. The Town may accept voluntary annexation petitions from landowners that do not meet the criteria in subsection (1) above, but may not decide them until the application is consistent with subsection (1) above.
3. In cases where the Town may not voluntarily annex land, it may use a development agreement (see [Section 2.2.8, Development Agreement](#)) to extend Town utilities to the land prior to annexation.

C. TIMING

In cases where land proposed for annexation is subject to any additional development applications reviewed in accordance with this Ordinance, the annexation application shall be reviewed and decided prior to the decision on any other applications.

D. APPLICATION SUBMITTAL

1. The annexation petition shall be signed by all the owners of land proposed for annexation.
2. An annexation petition shall include a signed statement declaring whether or not any vested right with respect to the land subject to the petition has been established under Section 160D-108 of the North Carolina General Statutes.

The voluntary annexation petition may be approved upon a finding the petition complies with all the standards in Section 160A-31 or Section 160A-58 in the North Carolina General Statutes, as appropriate, and:

1. The annexation petition bears the signatures of all landowners within the area to be annexed;
2. The area to be annexed can be adequately served by the same municipal services provided within the Town's primary corporate limits;
3. The debt obligations from serving the subject lands do not exceed the anticipated revenues to the Town; and
4. The public health, safety, and welfare of Town residents and the residents of the lands proposed for annexation will be best served by the annexation.

J. AMENDMENT

A decision on an annexation shall not be amended.

K. EXPIRATION

1. A decision on an annexation shall not expire.
2. Land may be de-annexed only by act of the North Carolina General Assembly.

L. APPEAL

1. Any decision by the Board of Commissioners shall be subject to review by the Superior Court of Wake County.
2. This appeal procedure is proposed to establish a clear and predictable procedure for persons with standing to appeal a decision, or interpretation by a Town official.

B. APPLICABILITY

1. Appeals of decisions or interpretations by a Town official made pursuant to this Ordinance shall be reviewed and decided by the Board of Adjustment (BOA) in accordance with this section.
2. Appeals of decisions made by the Board of Commissioners or BOA shall be to the Superior Court for Wake County, in accordance with state law.
3. In the event an applicant wishes to appeal a standard outside this Ordinance, or a decision by a staff member not addressed by this Ordinance, the appeal shall be made to the Town Manager in accordance with Town policy.

E. REVIEW AND DECISION BY THE BOARD OF ADJUSTMENT

1. The BOA, at the conclusion of a quasi-judicial public hearing, shall decide the application for the appeal.
2. The decision shall be based on the competent, material, and substantial evidence in the record of the appeal, as supplemented by arguments presented at the quasi-judicial hearing, and the standards in Section 2.2.3.F, Appeal Review Standards.
3. The decision shall be one of the following:
 - a. Affirmation of the decision or interpretation (in whole or in part);
 - b. Modification of the decision or interpretation (in whole or in part); or
 - c. Reversal of the decision or interpretation (in whole or in part).
4. A vote to reverse or modify a decision or determination shall require approval of a majority of a quorum present at the hearing.
5. Each decision shall be made in writing and reflect the BOA’s determination of contested facts and their application to the standards in this Ordinance.

8	Notification of Decision <i>See Section 2.3.9, Notification of Decision</i>

ARTICLE 2: PROCEDURES

2.2. Application Review Procedures

2.2.3. Appeal

- a. Whether the decision-maker erred in the interpretation of this Ordinance; or
 - b. Whether the decision-maker erred in determining whether a standard of this Ordinance was met.
2. The BOA shall not hear any evidence or make any decision based on hardships or special conditions except as part of an application for a variance.

G. EFFECT

1. An appeal stops all proceedings and actions by the applicant.
2. A Town official may file a certification requiring the applicant to continue with some portion of the development activity only in cases where a stop of development activity would cause imminent peril to life or property.
3. If certification by a Town official is filed, development activity specified in the certification shall not be stayed except through issuance of a restraining order by a court of competent jurisdiction.
4. The appellant may file for an expedited hearing of the appeal, and the BOA shall meet to consider the appeal with 15 days of the date the request is filed.
5. The filing of an appeal prevents the filing of an application for a zoning map amendment, special use permit, zoning compliance permit, or building permit for the same land subject to an appeal application, as well as the filing of a text amendment application by the same party filing the appeal until the appeal application is decided or appealed to the courts.

H. AMENDMENT

I. EXPIRATION

A decision on an appeal shall not expire.

J. APPEAL

1. Any decision by the BOA shall be subject to review by the Superior Court of Wake County by proceedings in the nature of certiorari and in accordance with Section 160D-1402 of the North Carolina General Statutes.

A. PURPOSE AND INTENT

The purpose of this section is to provide a uniform means for amending the Official Zoning Map to establish a conditional zoning district. In cases where the standards of a general use zoning district are inadequate to ensure that development allowed by the district will conform to the Town’s adopted plans or to appropriately address the impacts expected to be generated by development, a landowner may apply for a conditional rezoning. The conditional rezoning, if approved, establishes a parallel conditional zoning district that is equivalent to a corresponding general use zoning district, except as modified through additional conditions restrictions that the applicant and Town mutually agree are necessary to ensure conformance with adopted plans and to adequately address expected development impacts.

B. APPLICABILITY

This procedure sets out the requirements for amendments to the zoning district designation of land within the Town’s planning jurisdiction as well as for land coming into the Town’s planning jurisdiction via annexation in accordance with the standards in Section 160D-703 of the North Carolina General Statutes.

C. PROCEDURES DISTINGUISHED

Applications filed as a conditional rezoning application may not be converted to a map amendment application to establish a general use zoning district during the review process, and shall instead be withdrawn and resubmitted as a zoning map amendment application (see Section 2.2.25, Zoning Map Amendment).

D. APPLIED TO ENTIRE SITE

1. Applications for a conditional rezoning submitted after January 1, 2020, shall include all the land area within a recorded lot or site that is the subject of the application.
2. Conditional rezoning applications may not establish bifurcated zoning classifications where only a portion of a lot or site is subject to a particular conditional zoning district classification.

E. CONDITIONAL REZONING PROCEDURE

The conditional rezoning procedure is described in Figure 2.2.6, Conditional Rezoning Procedure, as supplemented by Section 2.3, Application Processing, and the Procedures Manual.

F. APPLICATION SUBMITTAL

1. Conditional rezoning applications may only be initiated by the landowner(s) of the land subject to the application, or their authorized agents.
2. All conditions of approval proposed by the applicant must be included with the conditional zoning application.
3. Conditional rezoning applications shall include a site plan or concept plan depicting the proposed development configuration that shall be reviewed by the TRC prior to the joint public hearing.

The advisability of an amendment to the Official Zoning Map is a matter committed to the legislative discretion of the Board of Commissioners and is not controlled by any one factor. In determining whether to adopt or deny a proposed conditional rezoning, the Board of Commissioners may weigh the relevance of and consider the following:

1. Whether the proposed conditional rezoning advances the public health, safety, or welfare;
2. Whether and the extent to which the proposed conditional rezoning is appropriate for its proposed location, and is consistent with the purposes, goals, objectives, and policies of the town's adopted policy guidance;

3. Conditions shall be in writing and may be supplemented with text or plans and maps.

ARTICLE 2: PROCEDURES

2.2.22. VARIANCE

A. PURPOSE AND INTENT

The purpose of this section is to allow certain deviations from the dimensional standards of this Ordinance (such as height, yard setback, lot coverage, or similar numerical standards) when the landowner demonstrates that, owing to special circumstances or conditions beyond the landowner’s control (such as topographical conditions, narrowness, shallowness, or shape of a specific parcel of land), a literal application of the standards would result in undue and unique hardship to the landowner and the deviation would not be contrary to the public interest. This section also includes standards for variance from the Town’s special flood hazard area standards in Section 3.8.2, Flood Hazard Overlay (FHO) District, as well as the procedures and standards for variances from the watershed protection standards included in Section 3.3.2, Residential Watershed (R1) District.

B. APPLICABILITY

1. Development that would otherwise be subject to undue and unique hardship from the applications of the standards in this Ordinance may seek relief from the standards in accordance with this section.
2. No variance may be sought that increases development density (e.g., units per acre) beyond that allowed in a base zoning district, or that would permit a use not allowed in a zoning district.

C. VARIANCE PROCEDURE

The variance procedure is described in Figure 2.2.22, Variance Procedure, as supplemented by Section 2.3, Application Processing, and the Procedures Manual.

D. BOARD OF ADJUSTMENT REVIEW AND DECISION

1. The BOA, after the conclusion of a quasi-judicial public hearing, shall decide the application for a variance.
2. The decision shall be based on the evidence in the record, as supplemented by the arguments presented at the quasi-judicial hearing, and the standards in Section 2.2.22.G, Variance Review Standards.
3. The decision shall be one of the following:
 - a. Approval of the variance as proposed;
 - b. Approval of the variance with revisions; or
 - c. Denial of the variance.
4. The concurring vote of four-fifths of the BOA shall be necessary to grant a variance.
5. Each decision shall be made in writing and reflect the BOA’s determination of facts and their application to the standards in this Ordinance.
6. The written decision shall be signed by the Chair or other duly authorized member of the BOA.
7. The decision of the BOA shall be effective upon the filing of the written decision.

E. NOTIFICATION OF DECISION

The decision of the BOA shall be delivered by personal service, electronic mail, or by first-class mail to the applicant, the landowner, and to any person who has submitted a written request for a copy prior to the

F. RECORDATION

If a variance application is approved, the notice of decision may be recorded by the applicant in the office of the Wake County Register of Deeds.

G. VARIANCE REVIEW STANDARDS

The standards in this section are organized into the standards applicable to variances from the zoning-related provisions, the flood hazard overlay provisions, and the watershed protection provisions.

1. ZONING-RELATED VARIANCE STANDARDS

a. REQUIRED FINDINGS OF FACT

A zoning variance shall be approved on a finding the applicant demonstrates all of the following:

- i. Unnecessary hardship would result from the strict application of the Ordinance. It shall not be necessary to demonstrate that, in the absence of the variance, no reasonable use can be made of the property.
- ii. The hardship results from conditions that are peculiar to the property, such as location, size or topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or the general public, may not be the basis for granting a variance.
- iii. The hardship did not result from actions taken by the applicant or the property owner. The act of purchasing property with knowledge that circumstances exist that may justify the granting of the variance shall not be regarded as a self-created hardship.
- iv. The requested variance is consistent with the spirit, purpose, and intent of the ordinance, such that public safety is secured, and substantial justice is achieved.

b. OTHER CONSIDERATIONS

In addition to the making the required findings in subsection (a) above, the BOA may also consider the following:

- i. The variance approval is the minimum necessary to make possible the reasonable use of the land, building, or structure.
- ii. All property taxes on the land subject to the variance application have been paid in full.
- iii. None of the following may be used as the basis for approving a variance:
 1. Neither the nonconforming use of lands, buildings, or structures in the same zoning district, or the permitted use of lands, buildings, or structures in other zoning districts, or personal circumstances;
 2. A request for a particular use that is expressly, or by inference, prohibited in the zoning district;
 3. Hardships resulting from factors other than application of the relevant standards of this ordinance;
 4. The fact that land or a structure may be utilized more profitably or be more marketable with a variance;
 5. The citing of other conforming or nonconforming uses of land or structures in the same or other zoning districts; or
 6. Financial hardship.

2. FLOOD HAZARD OVERLAY VARIANCE STANDARDS

In addition to the standards for a zoning variance, variances from the flood hazard overlay standards in this Ordinance shall be reviewed and decided in accordance with the standards in [Section 3.8.2, Flood Hazard Overlay \(FHO\) District](#), and the following:

a. REQUIRED FINDINGS OF FACT

2. ii) The relaxation, by a factor greater than five percent, of any buffer, density or built upon area requirement under the high-density option; or
3. iii) Any variation in the design, maintenance or operation requirements of a wet detention pond or other approved stormwater management system.
- iii. Minor variances pertain to a relaxation, by a factor of up to ten percent of any buffer, density, or built-upon area requirement under the low-density option.

b. REQUIRED FINDINGS OF FACT

Before the Watershed Review Board may grant a variance, it shall make the following three findings, which shall be recorded in the permanent record of the case, and shall include the factual reasons on which they are based:

- i. There are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of the ordinance. In order to determine that there are practical difficulties or unnecessary hardships, the Board must find that the five following conditions exist:
 1. In complying with the provisions of this Ordinance, the applicant can secure no reasonable return from, nor make reasonable use of, their property. Merely proving that the variance would permit a greater profit to be made from the property will not be considered adequate to justify the granting of a minor variance. Moreover, the BOA shall consider whether the variance is the minimum possible deviation from the terms of this Ordinance that will make possible the reasonable use of the property;
 2. The hardship results from the application of the ordinance to the property rather than from other factors such as deed restrictions or other hardship;
 3. The hardship is due to the physical nature of the applicant's property, such as size, shape or topography, which is different from that of neighboring property;
 4. The hardship is not the result of the actions of an applicant who knowingly or unknowingly violates the ordinance, or who purchases the property after the effective date of the ordinance and then comes to the Board for relief; and
 5. The hardship is peculiar to the applicant's property, rather than the result of conditions that are widespread. If other properties are equally subject to the hardship created in the restriction, then granting a variance would be special privilege denied to others, and would not promote equal justice.
- ii. The variance is in harmony with the general purpose and intent of this Ordinance and preserves its spirit.
- iii. In the granting of the variance, the public safety and welfare have been assured and substantial justice has been done. The BOA shall not grant a variance if it finds that doing so would in any respect impair the public health, safety, or general welfare.

c. CONDITIONS OF APPROVAL

- i. In granting a variance approval, the BOA may attach conditions regarding the location, character, and other features of the proposed building, structure, or use as it may deem advisable.
- ii. If a variance for the construction, alteration, or use of property is granted, the construction, alteration or use shall be in accordance with the approved site plan.

d. PRIOR DENIAL

The BOA shall refuse to hear an appeal or an application for a variance previously denied if it finds that there have been no substantial changes in conditions or circumstances bearing on the appeal or application.

e. EXPIRATION

A variance issued in accordance with this section shall be considered a watershed protection permit and shall expire if a building permit or watershed occupancy permit for the use is not obtained by the applicant within six months from the date of the decision.

f. ADDITIONAL PROVISIONS FOR MAJOR VARIANCES

i. Generally

If the application calls for the granting of a major variance, and if the BOA decides in favor of granting the variance, the BOA shall prepare a preliminary record of the hearing with all deliberate speed. The preliminary record of the hearing shall include the following:

1. The variance application;
2. The hearing notices;
3. The evidence presented;
4. Motions, offers of proof, objections to evidence and rulings on them;
5. Proposed findings and exceptions; and
6. The proposed decision, including all conditions proposed to be added to the permit.

ii. Action by the Environmental Management Commission

The preliminary record shall be sent to the Environmental Management Commission for its review as follows:

1. If the Commission concludes from the preliminary record that the variance qualifies as a major variance and that the property owner can secure no reasonable return from, nor make any practical use of the property unless the proposed variance is granted, and the variance, if granted, will not result in a serious threat to the water supply, then the Commission shall approve the variance as proposed or approve the proposed variance with conditions and stipulations.
2. The Commission shall prepare a decision and send it to the BOA. If the Commission approves the variance as proposed, the BOA shall prepare a final decision granting the proposed variance.
3. If the Commission approves the variance with conditions and stipulations, the BOA shall prepare a final decision, including those conditions and stipulations, granting the proposed variance.
4. If the Commission concludes from a preliminary record that the variance qualifies as a major variance and that the property owner can secure a reasonable return from or make a practical use of the property without the variance or the variance, if granted, will result in a serious threat to the water supply, then the Commission shall deny approval of the variance as proposed.
5. The Commission shall prepare a decision and send it to the BOA.
6. The BOA shall prepare a final decision denying the variance as proposed.

H. INSUFFICIENT GROUNDS FOR APPROVING VARIANCES

The following factors shall not constitute sufficient grounds for approval of any variance:

1. A request for a particular use that is expressly, or by inference, prohibited in the zoning district;
2. Hardships resulting from factors other than application of requirements of this Ordinance;
3. The fact that land or a structure may be utilized more profitably or be more marketable with a variance; or
4. The citing of other nonconforming or conforming uses of land or structures in the same or other zoning districts.

I. CONDITIONS OF APPROVAL

In granting a variance, the BOA may prescribe conditions of approval to ensure compliance with the standards of this section, and to assure that the use of the land to which the variance applies will be compatible with surrounding lands and will not alter the essential character of the neighborhood.

1. A variance granted subject to a condition of approval shall be permitted as long as there is compliance with the condition.
2. Violation of a condition of approval shall be deemed a violation of this Ordinance.

ARTICLE 2: PROCEDURES

2.2. Application Review Procedures

2.2.22. Variance

3. If a violation or invalidation of a condition of approval occurs, the Planning Director may revoke the authorization for the development subject to the variance.

J. EFFECT

1. GENERAL

Approval of a variance authorizes only the particular regulatory relief approved by the BOA. It does not exempt the applicant from the responsibility to obtain all other permits or development approvals required by this Ordinance or any other applicable laws, and does not indicate that the development for which the variance is granted should receive other permits or development approvals under this Ordinance unless the relevant and applicable portions of this Ordinance are met.

2. NOTIFICATION REGARDING FLOOD INSURANCE COSTS

- a. An applicant for whom a flood hazard area variance is approved shall be provided written notice by the Planning Director specifying the difference between the base flood elevation (BFE) and the elevation to which the structure is built. The notice shall inform the applicant about the risks to life and property from construction below the BFE and that issuance of a variance to construct a structure below the BFE will result in increased premium rates for flood insurance.
- b. The notification shall be maintained by the Planning Director with the record of the variance action.

3. RECORDS

Upon request, the Planning Director shall report all flood-related variances approved in accordance with this section to the Federal Emergency Management Agency and the State of North Carolina.

K. AMENDMENT

Amendment of a variance may only be reviewed and considered in accordance with the procedures and standards established for its original approval.

L. EXPIRATION

1. If the BOA does not include a time period by which development subject to variance expires, development shall commence within 12 months of the date of issuance of the variance, or the variance shall expire and become null and void.
2. A variance shall expire and become invalid if the property owner changes development on the site such that the extraordinary and exceptional conditions that warranted the hardship and variance no longer do so.

M. APPEAL

1. Any decision by the BOA shall be subject to review by the Superior Court of Wake County by proceedings in the nature of certiorari and in accordance with Section 160D-1402 of the North Carolina General Statutes.
2. Petitions for review must be filed with the Clerk of Court within 30 days of the date the decision is filed in the office of the appropriate review authority and delivered by personal delivery, electronic mail, or first-class mail to the applicant, landowner, and to any person who has submitted a written request for a copy, prior to the date the decision becomes effective.

F. EFFECT

1. Whether the proposed zoning map amendment advances the public health, safety, or welfare;
